Rankings reflect sales, for the week ending January 14, at many thousands of venues where a wide range of general interest books are sold nationwide. These include hundreds of independent book retailers (statistically weighted to represent all such outlets); national, regional and local chains; online and multimedia entertainment retailers; university, gift, supermarket, discount department stores and newsstands. An asterisk (*) indicates that a book's sales are barely distinguishable from those of the book above. A dagger (†) indicates that some bookstores report receiving bulk orders. Among those categories not actively tracked are: perennial sellers; required classroom reading; text, reference and test preparation guides; journals and workbooks; calorie counters; shopping guides; comics and crossword puzzles. Expanded rankings are available on the Web: nytimes.com/books.
